

## NOTICE OF SPECIAL ELECTION

To submit to the qualified voters of the county of Bollinger, a proposition to bond the said county in the sum of ten thousand dollars (\$10,000) for the purpose of repairing and strengthening the present courthouse and building an addition thereto.

STATE OF MISSOURI,  
County of Bollinger,  
Adjourned May Term, 1910.

In the County court of said county on the 28th day of June, 1910, the following, among other proceedings, were had, viz:

### ORDER FOR A SPECIAL ELECTION

Now, at this day comes the said T. B. Drum, C. A. Sander, Leo Sinkard and others, and present their petition and application, in writing, praying the court for an order of record for a Special Election to be held in the county of Bollinger, in the state of Missouri, on Tuesday, the 2nd day of August, 1910, together with such other orders and arrangements as may be necessary for the carrying out of the same, and setting forth that the purpose of said Special Election shall be to submit to the qualified voters of Bollinger county, a proposition to bond the said county of Bollinger in sum of ten thousand dollars, (\$10,000) that said bonds shall run for a period of five years, redeemable within such period at the option of the County court and to bear such rate of interest as the court may deem just and fit; that it is the intent and desire of said petitioners that the proceeds of the bonds above mentioned be applied to the repair and strengthening of the present courthouse of the county of Bollinger, and building such additions and adding such improvements thereto as may be by the court found necessary and proper for the safe keeping of the records therein and the speedy and convenient transaction of the business of the county.

And the court, after having heard the public reading of said petition, and being sufficiently advised in the premises, find that more than one hundred of the qualified voters of the county of Bollinger, in the state of Missouri, who are and were at the time of the signing and presenting of said petition, resident taxpayers thereof, have signed said petition; that the courthouse, as it now stands, is in a state of repair that tends to weaken it to the extent of rendering it dangerous to occupancy by the county officials; that, in the name of economy and to avoid possible personal injury, the repair and strengthening of the present courthouse is a necessity; that the present courthouse should have additional built thereto with a view to strengthening the same; that the records of the county are in inadequate facilities for the safe keeping of the records of the county therein and the speedy and convenient transaction of the business of the county; that the said bonds in the sum of ten thousand dollars, (\$10,000), do not and will not include existing indebtedness of said county, except in the aggregate ten per centum on the value of the taxable property of said county of Bollinger, as ascertained by the assessment thereof next before the last assessment thereof for state and county purposes; that the increase rate, above the rate as provided by law, of the tax levy of said county for said purposes, will be ten cents on the One Hundred Dollars' valuation of the taxable property of said county, and are therefore of the opinion that said petition should be granted.

Therefore, it is ordered by the court that a Special Election be held at the various voting places in the county of Bollinger, state of Missouri, by the qualified voters of said county, on Tuesday, the 2nd day of August, 1910, for the purpose of authorizing the incurring of said indebtedness in excess of the total income and revenue of the said county of Bollinger provided for any one year, as limited by law, in the said sum of ten thousand dollars, (\$10,000) against said Bollinger county, and the issuing of the bonds of said county therefor, to run for a period of five years, for the purposes aforesaid as prayed for by said petitioners in said petition, said bonds to be of the respective denominations, consecutive numbers, due and payable and bearing interest as follows, to-wit:

Twenty bonds, numbered consecutively from one (1) to twenty (20), inclusive, for One Hundred Dollars each, due and payable one year after the date thereof.

Twenty bonds, numbered consecutively from twenty-one (21) to forty (40), inclusive, for One Hundred Dollars each, due and payable two years after the date thereof.

Twenty bonds, numbered consecutively from forty-one (41) to sixty (60), inclusive, for One Hundred Dollars each, due and payable three years after the date thereof.

Twenty bonds, numbered consecutively from sixty-one (61) to eighty (80), inclusive, for One Hundred Dollars each, due and payable four years after the date thereof; and

Twenty bonds, numbered consecutively from eighty-one (81) to one hundred (100), inclusive, for One Hundred Dollars each, due and payable five years after the date thereof, so that the entire indebtedness aforesaid and the interest thereof shall have been paid off and discharged at the expiration of five years from the date thereof; and all of said bonds to be numbered consecutively

from (1) to one hundred (100), inclusive, and all payable when due at the office of the County Treasurer of said county, in lawful money of the United States, and shall all draw interest at the rate of six per centum per annum, evidenced by coupons thereto attached, numbered serially from one to such number as will equal twice the number of years for which said bonds have been issued, respectively, and due and payable semi-annually at the office of the County Treasurer of Bollinger county, in lawful money of the United States.

And it is further ordered by the Court that the Clerk hereof give at least twenty days' notice of said Special Election, to be given by publication in THE MARBLE HILL PRESS, a weekly newspaper published in said Bollinger county, specifying the amount of the debt, the length of the time for which bonds shall be issued, the rate of interest, the object and purpose thereof, the rate of the increase of the tax levy, and the day on which the Special Election will be held.

PRETTY tough when the mere mention of the tariff overheats them—as it did "Onkel Joe" at Winfield, Kansas.

THE democracy of Missouri demands a clean campaign for the nominations and a hustling, shoulder-to-shoulder campaign for election in which every democrat must join heartily.

EVERY good man and woman sympathizes with our sister city, Fredericktown, in her hour of trouble. We earnestly hope for a speedy delivery from the effects of the series of misfortunes with which that pretty little city has recently been stricken.

At Winfield, Kansas, last Friday, "Uncle Joe" Cannon, after speaking some time, took up the Payne-Aldrich tariff and—was overcome by the heat! Curious, wasn't it? Couldn't even tell what Taft says he thinks about that abomination. We look for it to be the death—politically, anyhow—of a whole lot of republicans by November. For if "Uncle Joe" falls down this early it looks bad for Tiff Elvins, the Crow and others.

SWANGER is bank commissioner. Lake coal oil inspector, Hall proof-reader for the revision committee—these three had fingers in the gerrymander pie. And so you will find the state paying for the time of the republicans who are running the party. Even Ben Deering, the fellow who gets out the republican dope sheet, is deputy factory inspector. It's pretty hard on the taxpayers to pay a lot of fellows to play politics, but that's what it has come to under an administration where the governor makes the people pay the board bill of his servants. Whenever you find a man straining his lungs for the g. o. p. in Missouri ask him what's his special graft.

Is another column we publish a letter from William M. Morgan, which we call attention. We have known Mr. Morgan more than a quarter of a century, and this letter is as correct a statement of his position as could be made. While a friend of the laboring man and labor organizations—and all other organizations that have for their object the betterment of mankind—he is no part of a demagogue and under no conditions would he even intimate that, as a judge, he would favor or be partial to any one of any interest. With a well-earned reputation as an able lawyer it is well known that no one could control or influence him against what he believes to be right.

In a moment of mental aberration a republican paper broke out thusly: "When a Missouri republican looks back on the path his party has traveled his bosom swells with pride." Uh-huh! but he don't go on and say just what particular part of the route causes the upheaval of his system. Perhaps it's that thirty odd million dollar debt piled up by the g. o. p. that sits the bosom onto a rampage! 'Twas a tidy little inheritance you left us. Or maybe you are swelling over the road that runs through the jails in which ministers of the gospel were thrown for refusing to perjure themselves by subscribing to the test oath! That's about the size of the republican record in Missouri, and the bosom that's puffed up about it is easily satisfied.

You make no man with PUT-NAM FADELESS DYES, as they do not stain the hands or spot the kettle.
